CATALOGO FORMATI

SHAPES CATALOGUE

TECNA

Tecnologie alimentari S.r.l.

Ogni formato di raviolo Tecna può essere realizzato con bordo zig-zag, ondulato, tondo oppure liscio, può essere inoltre a singola o a doppia nicchia.

A richiesta è possibile realizzare formati speciali e personalizzati.

I formati sono rappresentati in scala 1:1 e sono rilevati all'uscita delle formatrici, prima dei trattamenti termici.

Dimensioni , formati e produzioni sono indicativi, possono variare in funzione delle caratteristiche della sfoglia (spessore, capacità, ecc.) e del ripieno (composizione, consistenza, densità, ecc.).

Each Tecna ravioli shape can be made with a zigzag, wavy, round or smooth edge, and can also be single or double pocket.

Special and customized shapes can be made on request.

Shapes are represented in 1:1 scale and are detected at the outfeed of the forming machines, before the thermal treatments.

Sizes, shapes and production are indicative, they can vary depending on the characteristics of the sheet (thickness, output, etc.) and the filling (composition, consistency, density, etc.).

Bordo zig-zag/*zigzag edge*

Bordo ondulato/ *Wavy edge*

Bordo tondo/ *Round edge*

Bordo liscio/ *Smooth edge*
